1

President MICS2024:

GIUSEPPE SPEZIALE / 1

Vice President GVM Care&Research

2

Scientific Board MICS2024:

DAVID ADAMS / 2

Professor and Chairman of the Department of Cardiovascular Surgery, The Mount Sinai Hospital, New York (USA)

3

KHALIL FATTOUCH / 3

Professor and Lead Clinician, Department of Cardiac Surgery, Maria Elenora Hospital, GVM Care&Research, Palermo (Italy)

PATRIZIO LANCELLOTTI / 4

Professor and Head of Intensive Care Cardiology Unit, Professor of Clinical Medicine, University of Liège (Belgium)

4

Local Host MICS2024:

GIUSEPPE NASSO / 5

Head of Cardiac Surgery Unit, Anthea Hospital, GVM Care&Research, Bari

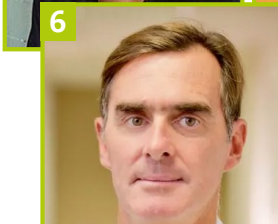

5

DOMENICO PAPARELLA / 6

Professor of Cardiac Surgery, University of Foggia

Head of Cardiac Surgery Unit, Santa Maria Hospital GVM Care&Research, Bari

6

GIUSEPPE SANTARPINO / 7

Head of Cardiac Surgery Unit, Città di Lecce Hospital, GVM Care&Research, Lecce

7

LUIGI SPECCHIA / 8

Head of Cardiac Surgery Unit, Città di Lecce Hospital, GVM Care&Research, Lecce

8

CARLO ZEBBE / 9

Head of Cardiac Surgery Unit, Clinica Montevergine, GVM Care&Research, Mercogliano (AV)

9

WELCOME ADDRESS

**A seaport that welcomes a sea of ideas:
this is the goal of MICS 2024!**

MICS 2024 is a conference that has welcomed through the years the world's leading experts in minimally and ultra-minimally invasive and robotic mitral, aortic, tricuspid and atrial fibrillation surgery catheter based procedures.

Cardiologists, interventionalists and cardiac surgeons who most have influenced the scientific community at Italian and international level with their original and minimally invasive techniques will meet in Bari with masterly readings, reports and video sessions.

Mitral Academy and GVM Care&Research are excited to promote and welcome the most innovative and experimental topics along with the World Opinion Leaders in this field.

In an integrated academic and clinical context, Speakers will share their experience and stimulate the participants to look at the treatment of this pathology through a "multidisciplinary" sight.

As a result, MICS 2024 will represent a lighthouse that illuminates and attracts the innovation, making it available for the rest of the scientific community and our patients.

PROGRAM

THURSDAY JUNE 20 2024

ADVANCED PROGRAM

st
day

- 9.00** Welcome Address
Giuseppe Speziale
President MICS 2024
Ettore Sansavini
President GVM Care&Research
Fabio Pollice
Rector of Unisalento
Antonello Garzoni
Rector of LUM University
Giuseppe Carrieri
*Dean of Faculty of Medicine,
University of Foggia*
Vito Montanaro
*Director of Health Promotion Department,
Puglia Region*

9.30-12.35 SESSION 1 AORTIC VALVE

- Chairs:* **Gaetano Contegiacomo,**
Roberto Di Bartolomeo, Gebrine El Khoury,
Marino Scherillo
- 9.30** Adoption of TAVI and SAVR in Europe
and North America in the last 10 years
Francesco Saia
- 9.40** When old is too old: assessing frailty
for patients candidate to TAVI
Cataldo Labriola
- 9.50** Failure of surgical and transcatheter
aortic bioprosthesis
Gino Gerosa
- 10.00** Prosthesis choice in patient
undergoing surgical replacement:
predicting valve-in-valve procedure
Mauro Rinaldi
- 10.10** Right mini-thoracotomy for surgical
aortic valve replacement
Domenico Paparella
- 10.20** Discussion
- 10.50** Same-day discharge following TAVI:
is it always possible?
Corrado Tamburino
- 11.00** Evolution of transcatheter aortic valve
devices: future trend
Fausto Castriota

- 11.10** Managing small aortic annulus in middle aged patients
Carlo Savini
- 11.20** Upstream TAVI: Moderate aortic stenosis at “high risk” of cardiovascular events
Alfredo Marchese
- 11.30** Pros-Cons
TAVI in young low-risk patients: just a question of prosthesis durability
Alessandro Parolari, Giuseppe Tarantini
- 11.45** Discussion
- 12.15** **LECTURE**
Aortic valve replacement in the young adults
Tirone David

12.35 *Lunch Break*

14.00-15.00

JOINT SESSION SICCH - NEWS FROM THE NEW ESC GUIDELINES SICCH-INTEGRITY: THE ROLE OF PROFESSIONAL SCIENTIFIC SOCIETIES IN LIMITING EVIDENCE

Chairs: **Khalil Fattouch, Alessandro Parolari**

- 14.10** Is there some criticism with evidence in cardiovascular medicine?
Michele Di Mauro
- 14.20** The example in inferiority: the power of statistical manipulation
Marco Moscarelli
- 14.30** The risk of indication creep in RCTs
Fabio Barili
- 14.40** What is missing? If anything is
Amedeo Anselmi
- 14.50** The role of professional scientific societies in the critical assessment of literature
Alessandro Parolari

15.00-16.15

SESSION 2 TRICUSPID VALVE

Chairs: **Armando Liso, Francesco Santini, Pierluigi Stefano, Tullio Tesorio**

- 15.00** Echocardiographic evaluation of functional tricuspid regurgitation
Patrizio Lancellotti
- 15.10** Surgical tricuspid valve repair: setting the standard for best practice
Gilles Dreyfus
- 15.20** Enhancing tricuspid regurgitation resolution through alternative technologies
Thomas Modine
- 15.30** Pros- Cons
How should Redo Tricuspid valve regurgitation be treated?
Carmelo Mignosa, Alberto Cremonesi
- 15.45** Discussion

16.15-17.30

SESSION 3 ATRIAL FIBRILLATION

Chairs: **Marco Matteo Ciccone, Chiara Comoglio, Pasquale Perrone Filardi, Saverio Iacopino**

- 16.15** Expanding the indication for surgical left atrial appendage occlusion
Richard Whitlock
- 16.25** Thoracoscopic ablation of atrial fibrillation
Giuseppe Nasso
- 16.35** New technologies in transcatheter Atrial Fibrillation ablation
Francesco Solimene
- 16.45** Pros-Cons
Ablation therapy for persistent atrial fibrillation. When and how:
1. Electrophysiologist view
2. Cardiac surgeon approach
Massimo Grimaldi, Claudio Muneretto
- 17.00** Discussion
- 17.30** Adjourn

FRIDAY JUNE 21 2024

ADVANCED PROGRAM

nd
day

9.00-12.50

SESSION 4 MITRAL VALVE

Repairing and replacing the mitral valve

Chairs: **Ottavio Alfieri, Gilles Dreyfus,
Ernesto Greco, Giuseppe Speziale,
Stefano Tonioni**

9.00 Benchmarking Mitral Valve Repair:
defining standards for surgical and
percutaneous treatment of Severe
Mitral Regurgitation
David Adams

9.20 Minimally invasive mitral valve repair:
the new normal
Giuseppe Nasso

9.30 Neochoord: who, how, when?
Gino Gerosa

9.40 Mitral valve repair for degenerative
disease

VIDEO IN THE BOX

Anterior Leaflet
Giuseppe Nasso

Posterior Leaflet
Mauro Del Giglio

Barlow Disease
Vinício Fiorani

FED Disease
Roberto Coppola

Ring Choice
Carlo Zebele

Relock technique
Giuseppe Santarpino

10.00 The path towards transcatheter mitral
valve treatment
Ottavio Alfieri

10.10 Treating patients with severe mitral
annular calcification (MAC)
Gebrine El Khoury

10.20 Why does mitral valve repair fail?
Gilles Dreyfus

10.30 Discussion

Chairs: **Umberto Benedetto, Corrado Fiore,
Luigi Martinelli, Angelo Squeri**

11.00 Favorable and unfavorable mitral anatomies for transcatheter edge-to-edge repair in degenerative disease
Giovanni La Canna

11.10 Weighing risk and limitation of TEER in addressing severe mitral regurgitation
Thomas Modine

11.20 Endoscopic mitral valve repair
Peyman Sardari Nia

11.30 Discussion

12.00 LECTURE
Echocardiographic evaluation of candidate to transcatheter mitral valve procedure
Mani A. Vannan

SPECIAL ISSUES

12.20 Genetic background of mitral valve prolapse
Valeria Novelli

12.30 Infective Endocarditis in minimally invasive approaches: spontaneous generation? Legal medical profiles
Livio Tronconi, Vittorio Bolcato

12.40 Take home message

CME PROVIDER

GVM Campus srl (ID 6028)

CME ACCREDITATION

The Conference has been assigned n. 7,7 Italian CM Credits for Physicians (cardiac surgery, cardiology, angiology, internal medicine, general surgery, physical medicine, respiratory medicine, thoracic surgery, vascular surgery, anaesthesia and resuscitation, hygiene, epidemiology and public healthcare, occupational medicine, medical genetics, sports medicine, diagnostic radiology, general medicine (family doctors), cardio-circulatory physiopathology and cardiovascular perfusion Technicians, medical radiology Technician and Nurses.

Training objective: Technical-professional contents (knowledge and expertise) specific of each profession, specialisation and ultra-speciality activity.

OFFICIAL LANGUAGE

Italian is the official language of the Conference. Simultaneous translation will be provided.
